WHAT IS GOMUN?

Model United Nations (abbrev. MUN) is an educational event invented for high-school students from all over the world. The concept simulates a UN conference during which students (delegates of UN countries) separate into various committees and discuss today's greatest issues. During a two-day debate the delegates are supposed to come up with a solution suitable for the majority of countries represented at the conference. These solutions are then discussed at the General Assembly, the great finish that most MUN conferences lead to. The debate is moderated by realistic Rules of Procedure which the participants have to comply with.

Gymnázium Omská Model United Nations (GOMUN) is a Prague based MUN, named after the organising school. GOMUN also provides, besides the traditional awards, the Best Newcomer award for the most distinguished MUN first-timers in each committee.

VENUES

GYMNÁZIUM OMSKÁ

The beloved grammar school Omská is the main venue of the conference. Committee session will take place here, therefore this will be the place to go on Saturday and Sunday. The closest public transport stops are "Kubánské náměstí" (tram stop of lines 6, 7, 19 and 22) or "Murmanská" (bus stop of line 175

PRAGUE CITY HALL

The Prague New Municipality will host the Opening and Closing Ceremonies as well as the General Assembly. Thus, the conference programme will take place at this venue on Friday and Monday. The closest public transport stop is the underground station of metro line A (green) – "Staroměstská".

MASARYK DORMITORY

Masaryk Dormitory of ČVUT in Prague will be the venue for this year's GOMUN ball. Here, you can look forward to having an amazing Sunday evening. Using public transport, this venue is best accessible by tram and bus stop "Thákurova" (over 15 lines) or from the underground station "Dejvická" (metro line A).

EVENTS

OPENING CEREMONY

During the Opening Ceremony the delegates are welcomed by several speeches usually delivered by the organisers and guest speakers. An introductory debate also takes place to warm the delegates up before the committee work starts

ICEBREAKERS

Icebreakers are the most informal event of MUN conferences. Many various games are played separately in each committee to set the atmosphere and to get to know each delegate (and the chairs) better. The Icebreakers are followed up by Committee dinners.

COMMITTEE WORK

Committee Work stands for the most important part of the conference in forming the resolution. The delegates try to come up with the best solutions of the committee's topic by sharing their opinions and ideas in heated debates.

SOCIAL EVENT

The official social event of GOMUN is the Sunday GOMUN Ball. The delegates may enjoy music, (formal) dance battles or funny competitions between one another in an opulent hall in the Masaryk Dormitory.

CLOSING CEREMONY

The conference is summarized and reviewed during Closing Ceremony. The organisers give their thanks to all the participants and sponsors. Finally, the organisers declare the conference closed.

SOCIAL EVENT

EYES WIDE SHUT

WHAT CAN YOU EXPECT?

This year, GOMUN social event will make you a part of a secret society full of prominent and wealthy figures straight out of Stanley Kubrick's *Eyes Wide Shut*. You will be attending a secret invite-only ball full of sly intrigues and schemes, shady deals and devious plots. Just don't forget your masquerade masks!

The event takes place on Sunday at 20:30. (entrance opens at 20:00) in the great hall of **Masarykova Kolej**. The whole evening will be accompanied by music and our wonderful hosts. All guests are going to have seats reserved at their tables in the hall, and you're invited to partake in various dances, such as Waltz or national Czech dance Polka. The program will be in segments, where you will have the opportunity to learn new dances, or just enjoy yourself in the disco which will happen at the end of the ball. For the duration of the event, small refreshments and water will be offered to all guests, furthermore, a bar where one can purchase sweet and alcoholic drinks will be available (please be aware, that Czech law forbids persons under the age of eighteen from drinking alcoholic beverages).

PROGRAMME

The official programme begins at **20:30**, though guests are welcome to arrive in advance and get comfortable. After the official opening of the evening, begins the programme. We will teach you classical Czech dances, play some games and more, and at the end, you can show off your dance skills in a disco! The whole evening will conclude with the official ending of the event at **23:30**.

DRESS CODE

Please do note, that guests are expected to adhere to the formal dress code. As the theme of the ball is *Eyes Wide Shut*, you're to wear appropriate clothing. We would also want to request you to wear **masquerade**, or any other type of **face mask** matching to the theme. Fantasy doesn't have borders and we can't wait to see your outfits!

TRANSPORTATION

The best way to get to the Venue is by the underground A (green) line, you can get on the A-line at any of its seventeen stations, though if you stay at a hotel near the main conference venue, consider either the Strašnická or Náměstí míru station. If your accommodation is not near the A-line, you can transfer from other lines on stations Muzeum or Můstek. The Venue is about four minutes away from the A-line and tram station **Dejvická**, where you should exit the underground. On your way back, please remember that the last underground train runs at 0:10. In the case, that you want to leave at a later time, we suggest, either using Uber or Bolt or taking the night tram n. 91, which stops right in front of the Venue, to station Lazarská, then switching to line n. 99.

AGENDA

FRIDAY 7. 11. 2025

THANK YOU

We sincerely hope that you, the delegates, chairs, supervisors, and representatives of our sponsors and partners, will enjoy the conference and only leave on Monday evening with the best memories and experiences. We also hope you find many new relations and friends, feel at home in our beautiful city of Prague and have a great time. Best of luck during the debates and don't be afraid to speak out, only good things can come out of it.
